

# 1ST NEPHROLOGY UPDATE 2020 FOR PHYSICIANS

**3<sup>rd</sup> May 2020**

**Hotel Pride Plaza  
Aerocity, New Delhi**

Organised by  
**Save Kidney Foundation**

## INVITATION

Dear Colleagues,

Greetings from Medanta - Medicity, Gurgaon!

It is our pleasure to announce the **First Nephrology Update for physicians to be held at Hotel Pride Plaza Aerocity, New Delhi on 3rd May 2020.**

Kidney diseases are increasing in epidemic fashion now a days. According to recent US data approximately 10% Americans suffer from some form of chronic kidney disease and as CKD is a progressive disease, many of them would eventually develop end stage kidney disease ( ESRD). The treatment of ESRD is both difficult and expensive throughout the world. In India, the exact prevalence of CKD is not known, however the figure should not be different from US as diabetes is very common in Indians and the most common cause of ESRD is diabetes worldwide as well in India. In India about 2-2.5 lacs new patients develop ESRD/year, means they would need either dialysis or kidney transplant to sustain their life, and sadly most patients cannot afford that treatment.

We know that prevention is better than cure and this is very true in a disease like CKD, where early diagnosis and timely intervention can significantly delay the progression or prevent the CKD. The most common causes of CKD in India are diabetes and hypertension which are primarily handled by physicians, so the role of physicians in managing these conditions and early stages of CKD cannot be underestimated. As we know the exposure to Nephrology as a subject is very poor during MD as well as in regular meetings.

This Update is designed to fill this gap and update their knowledge about common kidney diseases, which will help to improve the management of patients with kidney diseases encountered in day to day practice. The nephrology update would also provide an opportunity for physicians to interact with renowned experts in the field of Nephrology, and to clarify doubts as meeting is designed in such a way that it will provide ample time for discussion.

**To fulfil this task, we have invited renowned faculty in the field of Nephrology from the best institutes in India. Prof. Vivekanand Jha, is former professor of Nephrology at PGI Chandigarh and present president of International society of Nephrology, Prof. M M Rajapurkar is the former President Indian society of Nephrology & former Chairman Nephrology at prestigious Muljibhai Patel Hospital Nadiad, Gujarat, Prof. Sandeep Mahajan is Prof. of Nephrology at AIIMS Delhi , Prof. Narayan Prasad is Prof. of Nephrology at SGPGI Lucknow and present secretary of Indian Society of Nephrology, Prof. Santosh Varughese is presently the Prof. (Head) Department of Nephrology at CMC Vellore, Dr. Beena Bansal is Founder Door to care and former Director of Endocrinology at Medanta Medicity, Gurugram, Dr. Raja Ramachandran is Associate Prof. Nephrology at PGI Chandgarh and Dr. Vivek Kumar is Associate Prof. of Nephrology at PGI Chandigarh . I am sure the presence of such experts for this meeting would enhance the quality of meeting and justify the utility of your invaluable time.**

The meeting would start at 8.30 AM on Sunday 3rd May and conclude by 4.30 pm on same day.

Looking forward to see you at the meeting.

Warm Regards

**Dr. Shyam Bihari Bansal**

DM, FISH, FASN,

Organising secretary

Honorary Secretary Delhi Nephrology Society

Executive Member Indian Society of Nephrology

Director Nephrology and Kidney Transplant, Medanta Medicity, Gurgaon
